### Questions

Enter comments below. If a team member is absent, fill in their name, and put a line through the answer section.

Name	What have you completed since last meeting?	What are you going to complete today?	What obstacles are in your way?
Avesta	<ul style="list-style-type: none"><li>- Database setup</li><li>- Completed service-side work for authentication and started socket setup</li></ul>	<ul style="list-style-type: none"><li>- Finish socket demo and merge</li></ul>	<ul style="list-style-type: none"><li>- None</li></ul>
Edward	<ul style="list-style-type: none"><li>- Added window size persistence on client</li></ul>	<ul style="list-style-type: none"><li>- Continue working on menu bar on client</li><li>- Push meeting and release notes to repo</li></ul>	<ul style="list-style-type: none"><li>- Having some trouble with menu bar actions. To tackle next sprint</li></ul>
Mikail	<ul style="list-style-type: none"><li>- Working on changing HTTP to HTTPS on service and client</li></ul>	<ul style="list-style-type: none"><li>- Complete HTTPS setup, work on unit tests for client</li></ul>	<ul style="list-style-type: none"><li>- None</li></ul>
York	<ul style="list-style-type: none"><li>- Redo multi-project setup for client and service</li><li>- Completed client-side work for authentication</li><li>- Completed basic drawing capabilities on client</li></ul>	<ul style="list-style-type: none"><li>- Polish drawing and merge</li></ul>	<ul style="list-style-type: none"><li>- Need someone to take over unit testing for client classes, Mikail to take over</li></ul>

### Outstanding

Do we need help with anything?

- Need unit tests for client classes created for authentication

### Decisions

Is there anything else we should capture from this meeting?

- Merge code into sprint-1 branch before Friday morning, Avesta to merge sprint-1 into main before demo
