
CS 346: Meeting Minutes

Date: March 1st 2023

Team: 204

Present: York, Avesta, Mikail, Edward

Absent:

Agenda

- Assign tickets
- Discuss timelines

Notes

- York: Already completed selection and resizing.
Completed infinite canvas. Requires test classes for completed tickets

Decisions

- Try to not merge branches all at once so conflicts are easier to manage

Actions

- Mikail: Add editing shortcuts (copy, paste, delete, backspace)
- Avesta: Setup endpoints for actions, add onConnect and onDisconnect data.

- York: Refactor cursor code. Add a top bar for all connected users.
- Edward: Create unit tests. Add developer settings to menu bar.
